Simple, affordable preventative healthcare for cats and dogs

SPA Pet Health Club is a simple and affordable way for you to provide the best preventative healthcare for your pet while budgeting with simple monthly payments.

We have teamed up with Easy Direct Debits who will collect your direct debits on our behalf.

SPA Pet Health Club is **NOT** PET INSURANCE, it is here to provide the regular things like vaccinations and flea and worm prevention in an easy monthly payment plan. These are the things that pet insurance generally doesn't cover.

VetsDeliver is an optional extra that can be included in your plan whereby your flea and parasite treatments are posted directly to your door every three months.

What better way to remind you to give these treatments to your beloved pet to help keep them healthy than to have it arrive at your door?!

Which plan is best for your pet?

Our **Basic Pet Health Club** will help spread the cost of your annual vaccinations and flea and worm treatments and save you money while doing this.

The **Premium Pet Health Club** will give you everything in the basic plan plus great discounts on food, dentals, neutering, blood tests and kennel cough vaccinations (for dogs) as well as unlimited nurse consultations which include nail clips.

NEW Home delivery service now available:

Our **VetsDeliver** service is an exciting additional extra that you can choose if you would like a convenient way for your pet's flea and worm treatment to be delivered straight to your door every 3 months.

Basic Pet Health Club

Basic Plan benefits include:

- ✓ Annual Vaccination

You love your pet who brings you so much joy and companionship!

You want your pet to remain happy and healthy but pets are different to us... they can't tell you when they're feeling sick, and sometimes you can't see there's anything wrong either.

That's why, even more than you, they need regular check-ups. Early detection of potential problems could save you facing unnecessary worry or stress, and of course the additional costs that might accompany later treatment.

Money is not as important as health and happiness, but by joining our SPA Pet Health Club you will make great savings on the annual cost of your pet's vaccinations, flea and worming treatments, plus many other benefits that will help keep them in tip-top condition.
